PROFESSIONAL SUMMARY

Results-driven Front End Developer and Agile Project Manager with 3+ years of experience building responsive, SEO-optimized web applications with React.js, JavaScript, and Tailwind CSS. Delivered 10+ production projects end-to-end — consistently achieving measurable outcomes including 40% organic traffic growth, 35% engagement lifts, and 100% on-time delivery. Equally fluent in Figma-based UI/UX design and Agile team leadership, enabling seamless ownership from wireframe to deployment.

CORE SKILLS

Front End	HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, REST APIs
UI/UX Design	Figma (Wireframing & Prototyping), Adobe XD, Responsive Design
Project Mgmt	Agile, Scrum, Jira, Trello — sprint planning, standups, retrospectives
Tools	Git, GitHub, i18next, SEO best practices, Cross-browser compatibility
Languages	Kurdish (Native), Arabic (Native), English (Fluent)

WORK EXPERIENCE

Front End Developer & UI/UX Designer | *Freelance — Remote* Mar 2021 – Present

- Built 10+ responsive web applications using React.js, JavaScript, and Tailwind CSS, serving clients across real estate, hospitality, and e-commerce sectors.
- Redesigned client UIs in Figma, delivering a measurable 30% average increase in conversion rates across projects.
- Achieved 20% performance improvement through lazy loading, code splitting, and image optimization techniques.
- Enforced SEO best practices, accessibility standards, and mobile-first responsiveness on every project delivered.

Agile Project Manager | *Freelance — Remote* Apr 2022 – Present

- Managed full project lifecycle for 10+ web development engagements using Agile/Scrum methodologies.
- Coordinated cross-functional teams of developers and designers, facilitating sprint ceremonies and stakeholder reviews.
- Reduced average project delivery time by 15% by implementing streamlined workflows via Jira and Trello.
- Maintained 100% on-time delivery record with consistently high client satisfaction scores.

TECHNICAL PROJECTS
